

CRITICAL SAFE WORK HABITS

Safety Talking Points

LADDERS

-  Train workers on safe use of ladders.
-  Perform documented lockout inspections.
-  Inspect ladders before use.
-  Maintain ladders in good condition.
-  Use ladders in an approved manner.
-  Secure ladders when in use.
-  Do not use metal ladders for electrical work.
-  Maintain ladder rungs, cleats, and steps.
-  Maintain 3 points of contact on ladders.
-  Do not work from top to rungs.
