Silica - Drywall, Concrete

Where do these requirements apply to your workplace today?

- EXPOSURE TO SILICA CAN CAUSE HEALTH PROBLEMS
- A WRITTEN EXPOSURE CONTROL PLAN IS REQUIRED
- KNOW WHO YOUR COMPETENT PERSON IS
- IDENTIFY ALL POTENTIAL SILICA EXPOSURE
- EXAMPLE: CONCRETE, DRYWALL, MASONRY
- YOU CAN “WET CUT” CONCRETE TO CONTROL DUST
- WATER SHOULD BE A CONTINUOUS FLOW
- YOU CAN ALSO USE VENTILATION TO CONTROL DUST
- RESPIRATORS ARE ALSO EFFECTIVE PROTECTION

Action Required: Inspect your work area with this list.
